

HELLO!

FROM FOO MEE HAR

Dear Residents of Ayer Rajah-Gek Poh,

I hope this letter finds you well. I wanted to take this opportunity to provide you with updates on recent community events and initiatives in our Ayer Rajah-Gek Poh.

- We recently held our Eco Day 2023 initiative, planting over 100 trees with residents and students. The event at Gek Poh Ville CC had a vibrant carnival atmosphere with booths on upcycling, solar energy, electric vehicles, and more. We also provided lunch in reusable boxes, promoting sustainability. Additionally, we also had a successful Health & Wellness Carnival at Ayer Rajah CC! The day was filled with various activities, including informative talks on breast cancer and TCM wellness, health checks, energizing exercises with ActiveSG, and captivating stage performances.
- Seniors had a wonderful day at NTUC Fairprice Hub, thanks to Maybank Shopping with Seniors @ South West initiative. Nominated seniors received \$100 worth of supermarket vouchers sponsored by Maybank. It was enjoyable to spend time with them as they explored the shop, choosing healthy options. We appreciate the Maybank volunteers for their support.
- Exciting updates on the Jurong Innovation District (JID) development! By end of 2024, expect new weekend destinations at Bulim Park and Jurong Eco-Garden (JEG) with fitness facilities, F&B outlets, and recreational spaces. Plus, a cyclist-friendly pedestrian bridge across PIE will enhance accessibility, connecting Block 865A Jurong West Street 81 to JEG entrance.
- The government has plans for the Jurong Lake District (JLD) to become a hub for sustainable living. The JLD will not only be a bustling commercial and residential area but also a showcase of sustainable practices and initiatives.

Let us continue to work together, hand in hand, to make Ayer Rajah-Gek Poh our best home!
