

# HELLO!

## FROM S ISWARAN

Dear Residents of West Coast,

Here are some updates on the happenings in our West Coast community!

I had the privilege of presenting the Edusave and Education awards to about 400 students, accompanied by their proud parents, grandparents and families. Their hard work, dedication and commitment to educational pursuits are truly commendable, and I am delighted to see them being recognized. Congratulations to all the students on their outstanding achievements, and their parents and family members for their encouragement and support!

We welcomed our newest citizens at the recent Citizenship Ceremony, which is a significant milestone in their lives in Singapore. I congratulate them and we look forward to the different perspectives, skills and experiences they will bring to our West Coast community and our nation as a whole.

Finally, we recently organized a Buka Puasa event in which nearly 1000 people gathered to break fast together. After more than two years of COVID-related restrictions, it was heartening to witness residents from diverse ethnic and religious backgrounds coming together to celebrate as one community. This event served as a timely reminder that we share a common bond that unites us as one people. I am grateful to everyone who made this event possible and for the spirit of unity at the event.

**Wishing you and your family good health and all the best.**
