

HELLO! FROM PATRICK TAY

Dear residents of Pioneer,

In an exciting start to the lunar year of the tiger, I am proud to announce the completion of 4 newly upgraded playgrounds in Pioneer for your children. The playgrounds are near Blk 605 Jurong West St 65, Blk 610 Jurong West St 65, Blk 652C Jurong West St 61 and Blk 664B Jurong West St 64.

We have also completed the re-coating of SDST to all lift surfaces in Pioneer, to better protect our residents. SDST is a self-disinfecting coating that kills bacteria upon contact and remains in place for three months even with repeated cleaning. However, residents are still encouraged to also take care of yourselves by practising good personal hygiene.

As part of a nationwide effort by PAP Town Councils to go green, we have installed an SGRecycle machine at the Frontier Plaza beside The Frontier Community Club. If you have old newspapers, books and carton boxes, you can deposit them at the SGRecycle machine in exchange for credits.

Renovations to The Frontier CC have been continuing apace, and will complete by the first half of 2022. Apart from a refreshed look, you can also access new services such as legal planning, skills upgrading opportunities and assistance on local community programmes at the CC's concierge. In the meantime, you can continue to book courses and activities at the temporary office set up outside the Level 1 library.

For any feedback, comments or suggestions, please send them over to me.
Here's wishing you good luck and health this year.
